3355 16th Street NW #605
Washington DC  20010

My work over the years in a wide range of media, from AutoCAD and Adobe Creative Suite to hand-made wedding certificates, has given me a unique *eye for detail and design*.

I am seeking opportunities to use my experience, skills, and interest in *world languages and cultures* to provide clients with solutions to their graphic design needs.

## education

**Boston University Center for Digital Imaging Arts (CDIA), DC Campus  2009-2010**
Graphic Design Certificate Program
    completed in March 2010.

**Maryland Drafting Institute   1996-1998**

**Georgetown University        1983-1987**
BS degree in Linguistics.
Concentrations in Japanese and Arabic.

**Rotary International Student Exchange Program in Japan   1981-1982**

## skills

## interests

Graphic Design, World Languages and Cultures, Calligraphy, Typography, Printmaking, Vegan Cuisine.

## experience

**Parquillian Design,  Washington DC**
Freelance CAD and Graphic Designer, Calligrapher  1995-present

Design and create multilingual calligram designs and release on various POD sites.
Use Illustrator to create Illustrations, Infographics and Maps for Book Covers, etc.
Use Illustrator and Photoshop to design Logos for print and web.
Copyedited multilingual text in InDesign for Tourism Brochures.
Created Parquillian and other fonts released on MyFonts.com.
Design and create Quaker wedding certificates.

**Anant Corporation, Washington DC**
Internet Architecture Associate  2011-2017

Implemented HTML/CSS Cuts into websites using Javascript, jQuery, AngularJS,
    WordPress and Anant's proprietary Appleseed CMS.
Created HTML/CSS Cuts from Website Mockups.
Used Illustrator to create company logo.

**Boston University Center for Digital Imaging Arts (CDIA)**
Teaching Assistant and Tutor  2011-2014

Assisted instructors in Graphic and Web Design classes.
Tutored students on Adobe CS, HTML/CSS, jQuery and WordPress.

**GHT Limited,  Arlington VA**
CAD Drafter/Designer  1998 - 2009

Used AutoCAD to draft 2D and 3D plans for Mechanical, Electrical and Plumbing
    systems.
Coordinated printing, binding and quality control of sets of plans for publication.
Posted plans and sketches to client FTP sites.
Trained new drafters in AutoCAD and company standards.
